

The Co-op Courier News from Bagley Co-op Association

Merry Christmas!

I would like to start out by wishing everyone Happy Holidays and Thank You for your business and support at the Bagley Coop Association. Without our customers we would not exist as a company. I feel lucky to have the group of employees that we have and the board members that support our operation.

This last year we have made some improvements at the elevator and the station. At the station we bought a new tire machine. Due to the volume that we are moving through, we needed to upgrade.

We also purchased a scan tool to read

codes and help our staff in diagnosing the codes that come up in the vehicles.

We will be looking at replacing the alignment rack this next year with a heavier on ramp to handle the larger trucks.

At the elevator we have replaced the load out auger, repaired the west grain repair so we could continue to use it. Then just a couple of weeks ago we replaced the tin on the upper leg that had been torn off in a storm that came through this summer.

We will be looking at updating some more equipment in the elevator to meet our customers' needs.

December Specials at the C-Store!

One-gallon jugs
MILK

2 for \$6

Stop in at the C-Store and see our specials. We will be changing them from time to time so you can try out the specials!

**Now at the
Service
Station!**

We will be offering a limited selection of Hot Stuff food during the noon hour at our station on Main St., south of the tracks!

To keep prices low, we are getting a grip on credit card usage

We are looking at putting a surcharge on credit cards and debit cards used to purchase items under \$5. The reason for this is we get charged 12 cents per transaction plus 0.85 percent on each transaction. Card fees are getting to be more all the time, which is driving up

the cost of doing business. Please share your comments with me about this. At the

end of the day we are just trying to have profitability at your company.

We now sell VitaFerm supplements!

We are now a VITAFERM dealer; stop in and see Tyler and the guys about the line of products. We are also a Authorized Ritchie dealer and we carry replacement parts for Ritchie and water tank heaters.

Propane for your fish house!
