

The Co-op Courier News from Bagley Co-op Association

See you at the Fair!

by Kevin Smith
General Manager

We will have a booth inside the hockey building and an outside display at the Clearwater County Fair again this year, Aug. 1-5. Be sure to stop in to see us there. We will be having specials from all departments. We will also have information about health insurance being offered by both 40 Square coop and Land O'Lakes for eligible members.

Hours changes on pay before pump

We have changed the hours to 5:30 p.m. Monday through Friday on the *pay before you pump* at the C-Store to accommodate our customers coming home from work. We will continue

this as long as people do not abuse it by driving off without paying.

Hotsuff has some change in hours too. On Sunday they will be open from 10:30 a.m. to 9:00 p.m. This is being done due to the lack of sales during the Sunday morning hours, and this will save on wages to help improve profitability.

Thank you

We would like to thank Jeff Francis for his service on the board of directors. The board of directors has appointed Daniel Johnshoy to fill the vacancy until the annual meeting, where the position will be up for election.

Old but useful equipment will be sold

The old Coats tire changer that we used for the station is for sale. We will be accepting sealed bids on it until 10:00 AM the morning of July 16th, when the winning bidder will be notified.

The tire machine can be seen at our station at 211 S Main St. Bagley.

In the next month or so we will be offering a couple of our older trucks up for sale. We are doing this to get rid of equipment that is no longer being used but still has some value, and the money will be invested to upgrade areas of the company that need it.

We are in the process of making some updates and repairs to the elevator to better meet our customer's needs.

Thank you for your business and support at the Bagley Coop Association

Cash Fuel Discount

We are still offering 3 cents off per gallon on cash or anyone using their co-op account if it is current.

Propane for your grill and your camper!

Exchange tanks at
the C-Store or
re-fill at the Service Station

Ritchie
Fresh Water
For Life™

It only makes sense!

Livestock that are provided fresh, clean water from a well have healthier water, as their exposure to contaminants and parasites is greatly reduced.
