

## *The Co-op Courier* News from Bagley Co-op Association

# We are gearing up for a busy summer

By Kevin Smith  
General Manager

We will be offering fall fuel contracts for September 1 thru November 30, 2019 while quantities last. The deadline date to contract will be August 31, 2019.

At the station we are doing oil changes, tires, and alignments. Our alignment rack will be down until the middle of the month for some repair work on the rack; sorry for any inconvenience this may cause.

We will no longer be doing the 3-cent cash discount as of May 1st on gas and diesel purchased at the pumps. We started the program to encourage the use of cash or local accounts if kept current to

lower our cost of credit card fees. We did not see enough of a change to justify giving the discount because there is a cost of doing that. Beyond the 3-cent discount there is the cost of staff making calculations on the accounts, which adds to the cost of offering a discount.

We will continue to give you a quality product at a reasonable cost.

Last month we sent a copy of the year end profit and loss, and as you could see we need to find ways to cut costs. We are trying to maintain competitive prices and services while trying to get back local profitability.

**We appreciate your continued support of the Coop.**

### **Propane for your Grill**

Exchange tanks at C-Store or fill at the Service Station

### **Cash in Now on our TIRE SPECIALS! Rebates on Goodyear Tires!**

Valid on select tire models thru May 31

### **Buying corn and oats**

We are buying corn and oats and we are paying competitive prices.

### **Vern's creep feeders & feed bunks**

May specials on Vern's creep feeders and feed bunks.

**Check out our  
rent-to-own  
creep feeder program**

Stop and see Bart about your show feed needs. The fair will be here sooner than you might expect!

**Onion Sets &  
Seed Potatoes  
Now for sale at the  
C-Store & Elevator**

### **Car wash connection delayed by frost**

Fixing the car wash connection to the pumps and tills got pushed back by frost in the ground. We expect to be back on line during May. We have been waiting for the frost to get out of the ground to dig the way for a hardline from the car wash to the C-Store.

The wireless connection that was in place just did not want to function seamlessly. You can still go directly to the car wash.

### **NOW HIRING!**

**We are now accepting applications for openings at the C-Store, Hot Stuff and Subway**

**Look what  
\$3.99 gets you  
for lunch!**

Two Brats  
Old Dutch chips and a  
12 oz. can of Pepsi product  
or Bubbler
